

Workforce Board, GAVC create promotional video

SUBMITTEE REPORT

MORRIS -In conjunction with October being "Manufacturing Month," the Grundy Livingston Kankakee Workforce Board is showcasing the "Grundy County Manufacturing" video.

This video is intended to educate youth on potential careers in the manufacturing field.

With manufacturing being the third largest industry in Illinois, Grundy County is home to more than 50 employers, with average yearly earnings exceeding \$99,000 a year.

The video highlights top manufacturers such as Metalstamp, Costco, LyondellBasell and Aux Sable.

It also draws attention to the fact that 30 percent of manufacturing workers in Grundy County will be able to retire in the next 10 years.

These positions are in a field that is considered clean and high tech

Ann Rzasa, Workforce Board (left), Alex Garcia GAVC student assigned to the project and Joe Terrel, GAVC Instructor, teamed up to create a video showcasing Grundy County manufacturing.

and provide an excellent wage.

Students and parents are encouraged to talk with their guidance counselor about these careers.

The video was created by the Grundy Area Vocational Center and directed by the Grundy Livingston Kankakee Workforce Board.
