## Industry Overview

Transportation, Distribution, and Logistics (TDL) is a growing industry that plays a key role in our region. Livingston County relies on businesses in this industry to connect manufacturers and other companies to consumers. A strong TDL workforce is needed to transport goods from one location to another safely and on time.

For those working in the TDL industry, connecting communities and businesses is at the core of their jobs. To do this, they utilize a wide variety of highly technical and basic interpersonal skills.

- **Have you ever wondered how the transportation industry works?**
- **Do you like computers and technology?**
- **Do you have good communication skills?**
- **Do you like working on or with a team?**
- **Do you have good interpersonal skills?**

### In-Demand TDL Jobs

The Livingston Workforce Services office has identified 12 high-demand jobs with available training programs in the TDL field which are listed on the back with related wage and training information. Certain occupations may require testing or licensure. Most require drug testing and criminal background checks.

## Outlook & Growth

In Livingston County, employers are facing a shortage of reliable, hard-working individuals to fill many part-time and full-time TDL positions. Many of these jobs have low-level entry requirements. Explore the training section of this guide to learn how you can get started quickly in a career in this industry !

## Training

Jobs in Livingston County's TDL industry require education and training after high school, yet they don't always require a four year degree. Depending on your career interests and professional goals, you can chose a training program from several weeks to more than four years. Here are some examples below:

### **1 Year or Less** Certificate Program

- Bus Driver
- Maintenance and Repair Worker
- Truck Driver

### **1 to 2 Years** Certificate Program

- Automotive Service Technicians and Mechanics
- Industrial Machinery Mechanic

The Livingston Workforce Services website provides information about careers in transportation, distribution, and logistics. It also includes local Livingston County job postings, available training programs, and advice on how to find financial aid. It is a resource which will introduce you to TDL jobs in Livingston County and help you figure out which ones could be the right fit for you.

## Career Opportunities

There are many job opportunities within the field of TDL. Whether you are interested in being a truck driver, mechanic, or supervising a team of people, you can choose from a variety of professions in this industry.

Of course, you don't have to stick to one career pathway. You may start in one career, and advance with experience and education into something different.

Here are some TDL career pathway examples:

### Truck Driver

- Transportation, Storage, and Distribution Manager

### Bus Driver

- Bus and Truck Mechanics and Diesel Engine Specialists

### Maintenance and Repair Worker

- Industrial Machinery Mechanic

These career pathway examples are just a way to get you started – the next step is up to you!

## Required Skills & Abilities

Although completing the required technical training is critical to landing a job in these professions, there are additional skills employers look for. To move ahead in, and even begin your career, you will need to demonstrate good interpersonal and communication skills.

Here are some examples of interpersonal and communication skills in the TDL industry.

### How many of these skills do you see in yourself?

- **Communication - writing, presenting, computer literacy**
- **Adaptability – flexibility, resourcefulness, compromise**
- **Organization – time management, attention to detail**
- **Critical thinking - problem solving, creativity, judgement**
